

PN: CS2617

## TECHNICAL SPECIFICATIONS

### Palmer Safety Tripod Mounting Bracket (For SRL-R)

The Palmer Safety CS2617 is a heavy-duty mounting bracket designed to secure Self-Retracting Lifelines with Rescue capability (SRL-R) to the leg of the CS717 Aluminum Tripod. This bracket ensures a stable and secure connection for retrieval devices during confined space operations.

**DESIGN:**

- **Secure Fit:** Designed specifically to mount Palmer Safety SRL-R units to the CS717 Tripod.
- **Easy Installation:** Bolts securely onto the tripod leg for a semi-permanent fixture.
- **Durable Build:** Constructed from high-strength alloy steel with a corrosion-resistant finish.
- **Compatibility:** Works with Palmer Safety 3-Way Rescue SRL-Rs

**MATERIAL:** Hot Rolled Steel (SPHC-PO)

**FINISH:** Zinc Plated / Galvanized (Based on image appearance).

**COMPATIBILITY:** Tripod: CS717  
SRL Models: Fits all Palmer Safety 3-Way Rescue SRL-R's

**WEIGHT:** 4.8 lbs. (2.2kg)

**RELEVANT STANDARDS:** Designed to work within an ANSI Z359.4 compliant confined space system.
